Streamline visitor management to improve security, speed, and convenience

—Gated Community App

Our **Users**

Security

Manage visitor flow more efficiently and make faster, safer decisions

Residents

Approve or deny visitor entry from their phones

Visitors

Experience a quicker, smoother check-in process with less uncertainty

Our **Testing**

UC-2 CreateVisitSchedule
Allows residents to schedule visits by providing visitor details and preferred time.

UC-7 ScanQR
Facilitates scanning and validation of visitor QR codes at the gate.

UC-6 SubmitFeedback
Enables users to submit feedback with comments and ratings after a visit.

UC-8 ViewHistory
Lets users view a history log of past visitor schedules.

UC-16 ViewFeedback
Enables admins to view all submitted visitor feedback for monitoring and review.

Our **Testing**

UC- ManageBacklist

UC-10 AddtoBlacklist
Allows admins to add visitors to the blacklist for future access denial.

UC-11 RemovefromBlacklist
Enables admins to remove visitors from the blacklist and restore access.

UC-12 ManageUsers

UC-13 AddUser
Allows admins to add new users to the system with designated roles.

UC-14 EditUser
Lets admins update user account details such as name, role, or credentials.

UC-15 DeleteUser
Permits admins to permanently remove a user from the system.

THANKS!
